THE PANTHER

Dear Jan.
It has really been a great pleasure knowing and going to school with you. You're one of the sweetest and cutest girls in school. It's a pleasure to know someone like you, that really makes you feel comfortable to be around. I'll really miss you and all the seniors next year. I wish you all the luck, success, and happiness this "ole" world has to offer. The best of luck to you and Tommy

Always
Barbara L.

Dear Jan,
I have enjoyed knowing you, and going to school with you these past years. When you graduate, I sure will miss you because you have been a real friend! The best of luck in your future years and many wishes for you.

Love Ya,
Peggy

Jan,
You are one of the nicest and friendliest girls I have ever known. I have enjoyed laughing, fighting, working, and discussing teachers with you the past five years. Wasn't it fun last year practicing for our "Niga" play and decorating for our banquet.

Dear Jan,
It is a great pleasure to write in your annual. I think you are a very sweet and cute girl who has the friendliest ways. I want to wish you all the success and happiness this "ole" world has to offer.

The best of luck
always
Jeane Whitus

Dear Jan,
I have enjoyed knowing you these past few ye
I have enjoyed it ver
much and especially
being my manager
ketball season. I wil
miss you next year,
the school won't be
same without good
sweet Jan to talk
I love you very much.

That wasn't half as much fun, though, as our senior trip will be. We really ought to have a ball. Good luck in everything you do,

Charles

Jan Jones

Dear Jan,

I have truly enjoyed being in class with you this semester. As you graduate and go into future life I wish you all the happiness anyone can have.

Dear Jane,

It has really enjoyed knowing you this semester. I have a wonderful personality and a very good sense of humor. You are always happy of everyone. You can be counted on to do your share of the driving. Everyone likes you since you are always happy. Maybe you always have that smile on your face. I just enjoyed knowing you. Be sweet

Always

Jan,

Another year has come and gone, and it is our last. Our years together have been so much fun. We have gone through many things together. I'll never forget that night you spent the night with me and I shocked you so badly, or our last Area FHA meeting. That was so much fun. The thought of graduation and all of us parting did not hit me until Annual-signing time came around, and now I realize just how sad it really is. The time ~~has~~ must ~~to~~ come for everyone when they must leave home but I find it the hardest thing to face of all. We will all separate, and make our own new friends, and "best friends." We won't feel any longer like we do now, for we will all change and make new friends and it will never be the same. We have many good memories that we will never forget. I want to wish you and Tommy the very most in life. I know you will be happy together. Always stay as sweet and darling as you are now because that is the way I remember you. And when I see you 25 years from now, that is the way I want you to be. Thank you for being such a good friend and being so understanding when I was not.

Beth

ALBA-GOLDEN SCHOOL SONG

Dear Alba-Golden,
We love you true,
Hail Alma Mater,
That red, white, and blue.
These happy days
At dear A-G
We'll keep with
love and loyalty.

Forever in our hearts
We'll hold
Memories of the
School we love,
And though the years
May come and go
These friendships
We will always know.

ADMINISTRATION

IN MEMORY

To the memory of Lona McGowan, we dedicate the 1961 Panther. As a teacher and grade school principal for 30 years, she did much to mold the lives of her pupils, and to influence the youth of the community. The guiding principles which characterized her life will remain forever in the hearts of the Alba-Golden students.

The Seniors have planned an exclusive trip around the world just for you. Among the famous places we will stop are New York, London, Rome, India, and Egypt. Then for our final and most extensive visit, we will land at Alba-Golden to recall some of the most important events of 1960-1961.

Won't you join us???

Dear C.

I don't know how I waited so long to do this but I never have all of our lives ahead of us to live that's it won't matter.

I can not begin to tell you how much you have changed my life in the last few. You have brought happiness to me that I never thought possible. I hope that you are as happy as I am. I can not begin to tell you how much that you mean to me. Every thing that I have ever ~~said~~ said about ~~you~~ feel is true. You are my world.

I hope that you will always know every thing that you need, want, and desire.

with all my love

Tommy

Dear Jan,

Well here goes? You know very well that I am not capable of putting into words how I feel but I will try. You have been the most wonderful friend a girl could ever have. We have had so many, many good times together with all the "Dirty Seven" or just us two; or double-dating. I'll never forget all the times you helped me out when everybody else was mad at me. Such as the time when you ask me up for dinner one day. (I'll never ever forget that.), or the time we shared our secret, or any of the many times Ken and I were mad at the girls and you listened to me complain and gripe all day long. Oh Jan we just can't all of us separate forever and go different ways. Kenneth and I are going to come visit you & Tom and your brood all next year and the years to come and we want you all to come stay with us at school (if we end up going.) You and I can be like mother and Roasties and drink coffee (probably tea) all the time together. We (Dirty Seven) have all had so many wonderful and some horrible experiences together such as the diary, or the time we pushed your car down the hill, or that awful slumber party at your grandmothers when just the girls went. I'll never ever forget that awful night. You and I also always seemed to have such troubles with Kenneth & David. They treated us terrible and everybody got mad at us cause we wouldn't stand up for ourselves and you and I were fool enough to not know what to do about them so they just let them keep on pushing us around. I'll never forget the time

you went with Kenneth. I could have scalped you that night and I nearly did. I just think I will die at graduation. It will mean the end of so many good times. It will mean that we are grown-ups and will have to face the problems of the future. I hope we are capable of that. These four years of high school will always be remembered as four of my very best years and you have helped make them that way. I want to wish the very best to a girl who ~~deserves~~ deserves it about the most. Tommy is really a lucky fellow but he sure needs to learn how to dance!! Thanks for everything, Jan.

Love you always,
Barbara

P.S After graduation we better not desert each other. What could we do if we couldn't complain and gripe together like we did all one Saturday—remember? I don't think things could ever be that bad. Remember though you just call on me in any time of need cause I want you to.

~~Dear Jan~~,

You are one of my very best friends and an honorary (not exactly honorary) member of the "Dirty Seven Minus One." We have had so many good times together that it makes graduation a sad time. (I hope you don't think I'm crazy for writing on 2 pages) I'm running out of space fast. I wish you luck in typing (don't ask me why). If everyone was as friendly as you the world would be a happy place in which to live. Bless you. Be sweet always.

I love you loads,
Jo Ellen

Jan,
I couldn't find much room, so I'm crowded in
here. I don't know where to begin there's so much
I'd like to say. You are so sweet to me all the
time, I just don't know what I would have done
without you. I think so much of you, it's going
to make graduation hard for that reason alone. Next
year we'll be gone our different ways. It won't be
the same as it's always been. We'll still be friends
but we won't have the same things in common any
longer. I wish you and Tommy lots & lots of luck.
I know your two will be happy, cause you just
seem so content. Every-
time I think back to
all the good times we've
had, both in grade school
and high school, it makes
me nearly cry. I was so
very lucky (and I don't care
what Kindle says about luck)
to have such wonderful,
wonderful friends like you.
I will never forget this past
year especially. We certainly
did have fun on the bus
going to ball games, didn't we?
(The rest of this is on the page
before this one where I started
writing yesterday)

Jan,
You are one of the
sweetest and nicest girls
I know. You have a pleasing
personality & I have enjoyed
knowing you and going to school
with you all these years & I wish you
the best of luck in everything.
Love,
Ten

Jan,

It has been a real pleasure to know such a wonderful girl as you for these last five years. During your years as manager of our ball team and my years as a player, I have come to know you much better and have come to like you very much as a friend. I'll always remember the good times we've had at school, at ball games, and on the bus coming from ball games.

May the best of everything in life always be yours to enjoy, and lots of luck in your future career.

always,
Sally

Jan,

Just a few more weeks, and our twelve years will be over. In a way is sad, but it's a day we've all been waiting for. I've really enjoyed knowing you, and having you for a friend. Lots of luck to a real swell girl.

Dear Jan,

I am not very good at putting my fulings into words, but I will try.

First I would like to say that I have truly enjoyed going to school with you for the past years. You are always friendly and nice. I think this has given you a wonderful personality.

Now that it has finally come to our time to graduate, I really do dread it. I hope, even though we will go our own ways in life, that we will always remain friends

Well, I can't think of much more so I will wish you the very best of luck and happiness in all the years to come. I will always remember you as one of my very best friends

Love
Carolyn

Dear Jan,
It hardly seems that the school year is nearly over, does it? It's been fun going to school with you these past three years, I'm really sorry if I have at times embarrassed you (the "dye" for instance) & hope you will forgive me. If you keep putting off that taking-trip we never will go on it. Just guess we're going to go this year. Now it's next summer. But I guess I will forgive you. Say, how about that ball on the senior trip. Is it still on? Tommy and Martha will never know. Then if Tommy reads this you explain it to him. But really, Jan, I wish you and Tommy all of the luck and happiness in the world. He is alright too.

Jan,

I hardly know how to begin this because all the words in the world couldn't say what I want to.

We have had so many wonderful times together The "Dirty Seven" has gotten in to a lot of trouble but we have survived it all some way. There are soo many things that we have done together that I'll never forg We have also had a lot of fun double-dating during our four years of high school. I can't stand to eve think about what we will all do when we graduate. I know it will never be the same again + I will really miss our crazy and wonderful times together as the "Dirty Seven." Although we all go our seperate ways after graduation, I hope we will never loose contact with each other. Let's make the most of these last two months of school too. It will be our last time to be a part of dear old Alba-Golden. Although I want to get out real bad, I know I will miss our high school days.

You are a darling girl and have a wonderful personality. You have many friends and I know that you will have many more if you will stay as you are now.

Betty

Jan,

Well, here I go again writing lies in peoples books. But these aren't lies. As you know you are my very best friend and I love you loads. When I think back of all the wonderful & terrible times we've had together it makes me dread graduation. Remember all the times I went with you and Tommy and all the crazy things we did together!! Jan I'll never forget all of those wonderful, wonderful times we've had together and all of those crazy things we've done. Remember all those times you'd have to drive me around for a certain purpose ??? But never fear Jan you'll never be rid of "Tommys ole wife" I'll never give up. Be sure and have the kitchen-table ready for me to sleep on, since I guess that's where you'll make me sleep. Even though we're graduating Jan I hope our happy times are just beginning and not ending.

Jan you are a wonderful girl with a great personality. Always stay as sweet as you are now.

Love ya lots,

Barbara Ann
